

Apprentice Component Technician, Shop Assistant

Since 1992 GAC has established itself as a leading provider of aircraft component MRO services to the aerospace industry. We provide landing gear, pneumatic valves and air cycle machine overhaul and loaner services to aircraft operators around the world.

GAC provides its employees with a competitive salary along with Group Benefit Life Insurance, Long Term Disability, Dental and Health coverage. In addition, the company will match your retirement savings contributions through a Group RRSP company plan.

If you want to be part of a dynamic, team oriented environment, GAC is the company for you!

In this role you will:

- Assist senior Technicians in the repair tasks of disassembly, cleaning, paint removal inspection, assembly and test of aircraft components.
- Read, interpret and follow component repair manuals and other documentation to carry out maintenance on aircraft components.
- Measure parts for wear using precision measuring instruments.
- Record maintenance tasks carried out on work order packages.
- Assist with the maintenance of shop equipment and building facilities.
- Other shop tasks as required.

An ideal candidate would possess:

- A passion for fixing things.
- Proven “hands on” mechanical ability.
- Mechanical work experience.
- General building maintenance/ handy man experience.
- Good ability to read, write and speak English.
- Some vocational or technical training.

*Salary: \$15 - \$18/hr
