## Aircraft Component Technician Pneumatic Valves / Air Cycle Machines

Since 1993 GAC has established itself as a leading provider of aircraft component MRO services to the aerospace industry. We provide landing gear, air cycle machine and pneumatic valve component overhaul and loaner services to aircraft operators around the world.

GAC is currently seeking an energetic & highly motivated Aircraft Component Technician to join our growing **Pneumatic** team. If you want to be part of a dynamic, team-oriented environment, GAC is the company for you!

### In this role you will:

- Be an integral member of our **Pneumatic Valve / Air Cycle Machine** overhaul team.
- Follow component repair manuals to carry out maintenance on components.
- Carry out disassembly, inspection, assembly & test of components.
- Record all maintenance tasks carried out on work order packages.
- Measure parts for wear and return to service using precision measuring instruments.

### In this role you will receive:

- A starting pay \$ 25.00 - \$ 35.00 per hour.
- On the job paid training.
- Extended Health, Drug & Dental benefits.
- Long term disability & Life Insurance.
- RRSP matching contributions.
- Future growth opportunities in an exciting goal-oriented environment.

### Ideal Qualifications:

- Experience with aircraft **pneumatic valve** and **air cycle machine** MRO.
- Post-secondary education and/or Training.
- Ability to read and follow technical drawings and instructions.
- Some related technical training.
- Excellent "hands on" mechanical ability.
- Good ability to read, write and speak English.
