

Career Opportunity

Aircraft Landing Gear Component Technician

Since 1993 GAC has established itself as a leading provider of aircraft component MRO services to the aerospace industry. We provide landing gear, air cycle machine and pneumatic valve component overhaul and loaner services to aircraft operators around the world.

GAC is currently seeking an energetic & highly motivated Aircraft Component Technician to join our growing team. If you want to be part of a dynamic, team-oriented environment, GAC is the company for you!

In this role you will:

- Be an integral member of our Landing Gear overhaul team.
- Follow component repair manuals to carry out maintenance on Landing Gear.
- Carry out the tasks of disassembly, inspection, assembly, modification and test of Landing Gear.
- Record all maintenance tasks carried out on aircraft components on work order packages.
- Measure parts for wear and return to service, using precision measuring instruments.

In this role you will receive:

- A pay rate commensurate with experience.
- On the job paid training.
- Extended Health, Drug & Dental benefits.
- Long term disability & Life Insurance.
- RRSP matching contributions.
- Future growth opportunities in an exciting goal-oriented environment.

Ideal Qualifications:

- Experience working on aircraft Landing Gear.
- Landing gear parts machining.
- A valid "G" driver's license.
- Good ability to read, write and speak English.
- Some vocational or technical training.
