

Career Opportunity

Mechanic Apprentice – Aircraft Component Technician

Since 1993 GAC has established itself as a leading provider of aircraft component MRO services to the aerospace industry. We provide landing gear, air cycle machine and pneumatic valve component overhaul and loaner services to aircraft operators around the world.

GAC is currently seeking an energetic & highly motivated Mechanic Apprentice to join our growing team. If you want to be part of a dynamic, team-oriented environment, GAC is the company for you!

In this role you will:

- Assist senior Technicians in the repair tasks of disassembly, cleaning, paint removal, inspection, assembly and test of aircraft components.
- Read, interpret and follow component repair manuals and other documentation to carry out maintenance on aircraft components.
- Measure parts for wear using precision measuring instruments.
- Record maintenance tasks carried out on work order packages.
- Other shop tasks as required.

In this role you will receive:

- A starting salary ranging from \$18- \$20/hr.
- On the job paid training
- Extended Health, Drug & Dental benefits.
- Long term disability & Life Insurance.
- RRSP matching contributions.
- Future growth opportunities in an exciting goal-oriented environment.

Ideal Qualifications:

- A passion for fixing things.
- Proven “hands on” mechanical ability.
- Mechanical work experience.
- Good ability to read, write and speak English.
- Some vocational or technical training.
